Institutional framework: institutions

Institutional framework: roles and functions

Institutional framework: regulator's objectives

- To **foster effective competition development** by ensuring a fair and non-discriminatory access to the railway network and services
- To **supervise** that infrastructure manager (IM) and operators of a service facilities (OSF) **do not to abuse their powers** on the national railway transport market.

RRT's functions

- Regulation of relations between IM, OSF and railway undertaking's (RUT);
- Investigation of applicants' complaints (Network Statement, access, capacity allocation, charging for access and services);
- Supervision of accounting separation of IM, OSF and RUT's;
- Monitoring of railway market;
- Cooperation with the national safety authority and other institutions;
- Consultation with representatives of users of the rail freight and passenger transport services.

Main legal acts in the fields of RRT's responsibility

Directive 2012/34/EU

Railway Transport Code of the Republic of Lithuania

Entirely and directly applicable

Regulation (EU) No 913/2010

Regulation (EU) No 1316/2013

Regulation (EU) 869/2014

Regulation (EU) 2015/909

Regulation (EU) 2015/1100

Description of the Procedure for the Imposition of the Sanctions

Description of the Procedure for Investigation of Complaints

Rules for the Allocation of Public Railway Infrastructure Capacity

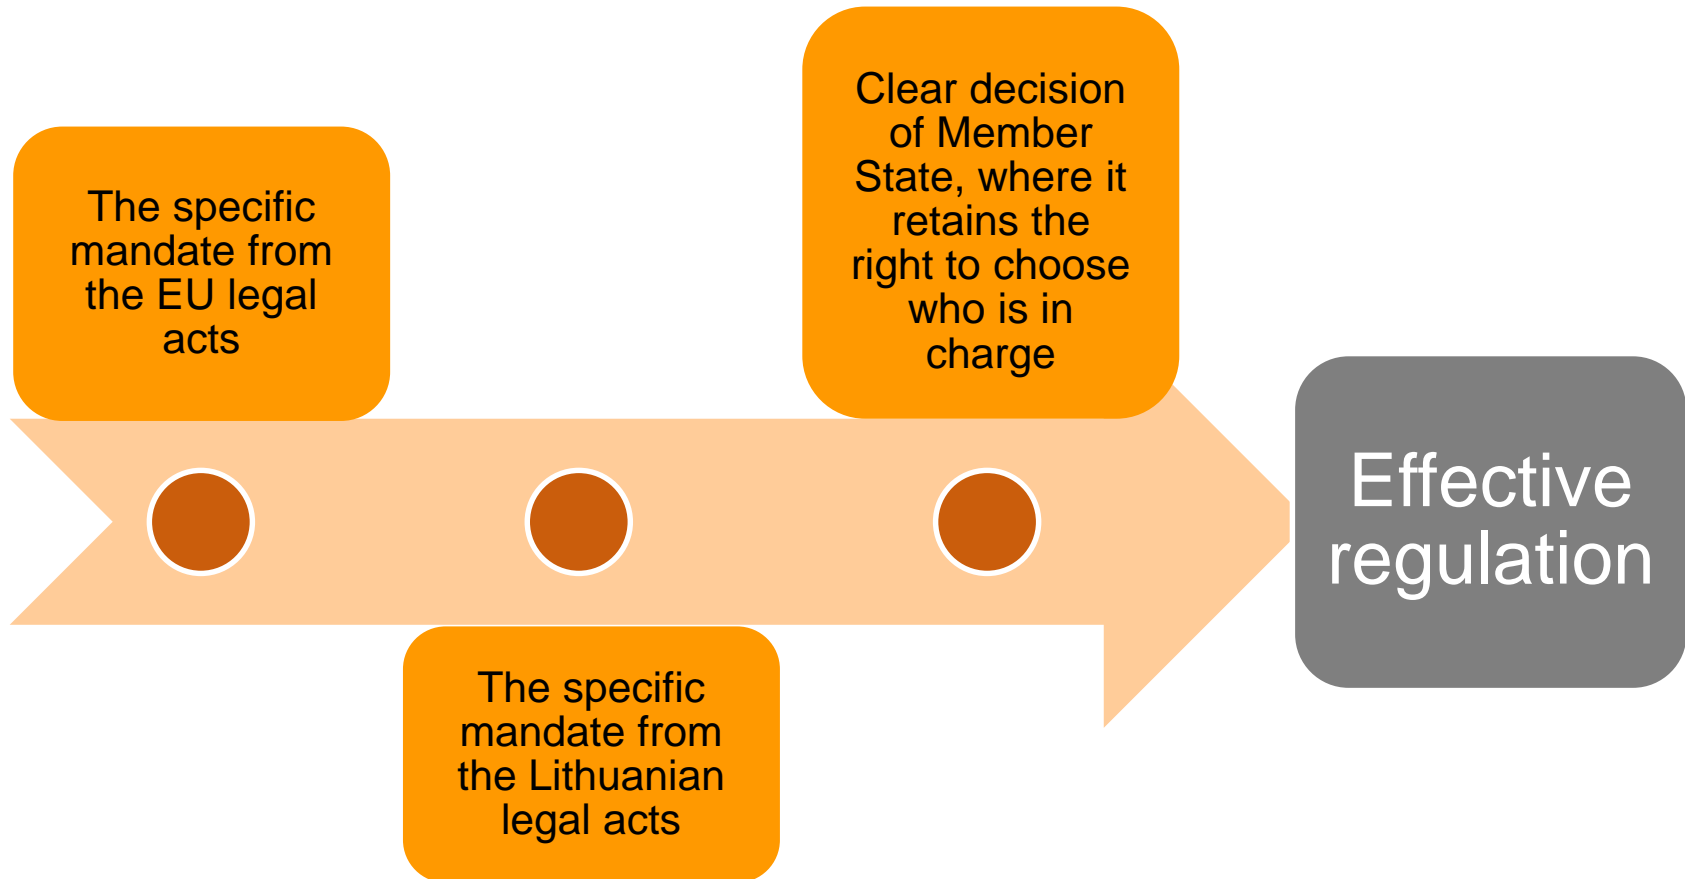

Rules for the Charges for the Minimum Access Package

Requirements for the Accounting of Railway Transport Activities

Description of the Procedure for Cooperation between Institutions in the Field of Railway Transport

Rules for Public Consultation

Principles of regulatory regime

Financing

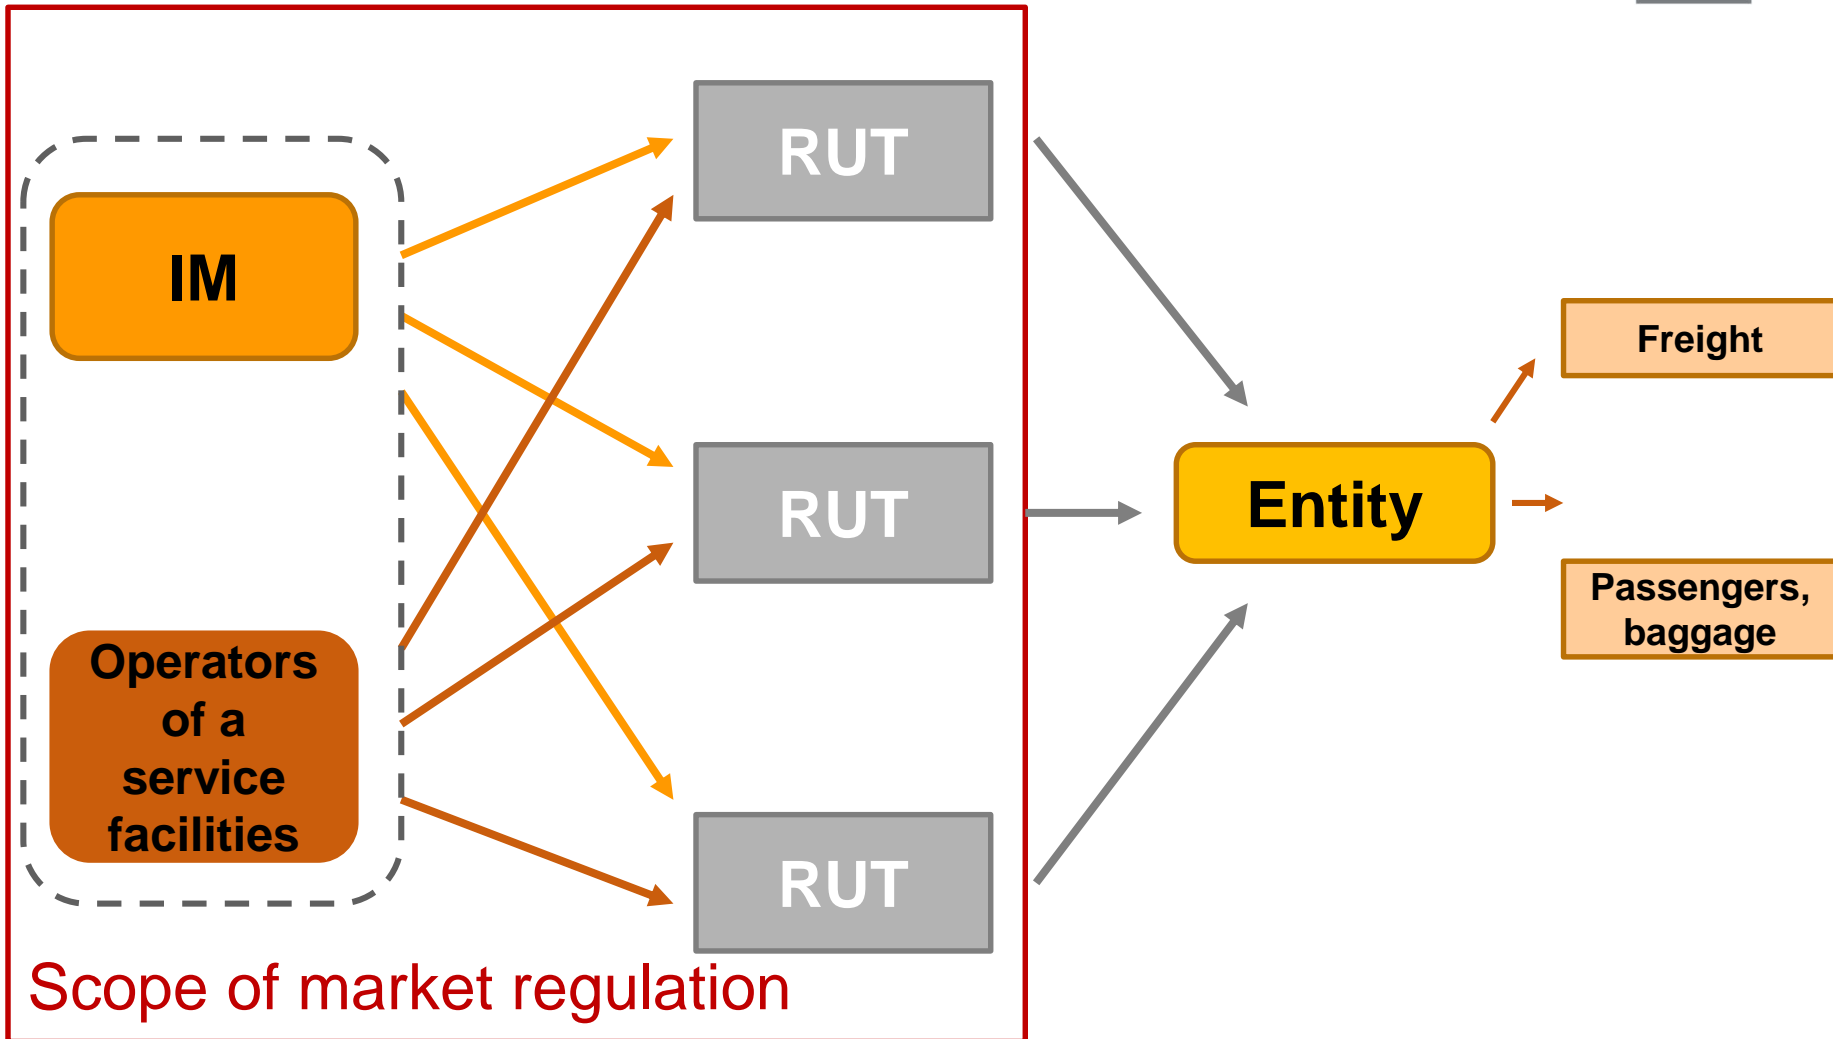

Financing arrangements are set in the Railway Transport Code of the Republic of Lithuania (paragraph 10 of Article 7¹)

- RRT activities are funded by contributions from the RUT:
 - ❖ RUT pay for RRT by defined tariff;
 - ❖ tariff – EUR 5 per one million gross tonne-kilometers (tkm);
 - ❖ every year, by 10 March, RUT shall provide data on the volume of actual usage of the network (gross tkm) in Lithuania in the previous year;
 - ❖ by 31 March, RRT shall calculate, for each quarter, the contributions paid by RUT and shall inform them.

- Such financing arrangements ensure that RUT pay on a non-discriminatory basis, in equal contributions, in accordance with the actual scope of their work (gross tkm).
